DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1 and 8 the metes and bounds of component A are indeterminate in scope since the relationship between monomer (a1) and copolymer (a2) is not apparent. Furthermore, it is unclear if or how said component A distinguishes over component D. As presently recited, said components read on one and the same entity given that they are both based on a vinylaromatic monomer.

In claims 1, 8 and 10, the objectionable term "obtainable" with regard to component D is indefinite.

In claims 4 and 12, it is unclear as to whether the recited copolymer is further defining only the copolymer (a2) portion of component A.

Allowable Subject Matter

2. Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. The prior art of record neither anticipates nor renders obvious the presently claimed subject matter specifically the incorporation of a compound having at least two isocyanate groups into a composition comprising the other components.
